

## IAAF WORLD CHAMPS DOHA

Final Programme  
Bulletin I – Dec 2018  
27 Sept – 6 Oct 2019

Doha in Qatar hosts the World Champs for the first time in the Middle East providing an ideal opportunity to visit this vibrant modern city and to embrace the culture of the region. With first class facilities, a fan friendly schedule and reasonable prices a generous welcome from hospitable hosts awaits those fans open to enjoying athletics at this venue - with just one session per day and the revolutionary air-conditioned refurbished Khalifa stadium the experience will be comfortable. In the history of the IAAF World Champs - and recalling the recent European Champs in Berlin too - this event will not be as hot a venue as Seville was in 1999 at which we organised hundreds of fans in comfort at a thrilling championship there.

**T&FT's Comprehensive Doha Programme** - as with Seville in 1999 and Deagu in 2011 our strategy for handling a more esoteric event location and climate is to offer a carefully planned all-inclusive programme based upon private T&FT managed air-conditioned bus transportation with excursions and cultural exchanges in order to create a unique and interesting event experience supporting the stadium competition schedule. With all sessions starting at either 16.30 hrs or 19.00 / 20.00 hrs there will be plenty of time for relaxation using our hotels pools and spa facilities. Our chosen hotels are all within walking distance of the old town, souqs, major museums and the Corniche seafont promenade and park. With local public transportation options slow and not so reliable or comfortable you will have exclusive access to our T&FT buses for travel during the day around the city, for our excursions venturing further afield to the historic forts and desert landscapes outside of Doha as well as for stadium transfers. T&FT staff and our local guides will co-ordinate this as well as assisting fans around the souqs, exotic markets, museums and local restaurants. We aim to provide a unique cultural adventure enabling fans to enjoy the excitement of the championships supported by our unmatched experience of organising fans at every IAAF World Champs since the inaugural event in Helsinki in 1983. We look forward to taking care of our many regular clients and new fans too and, with our experienced support, enable you to enjoy the *art of BEING THERE!*

For single travellers not matched with others we may charge a supplement – you will be notified in good time if necessary.

**COMPETITION SCHEDULE & TICKETS**

The event scheduling reflects the location of these Championships in Qatar with the end of September start date and the daily session timings. Temperatures in this period are usually 28-36 C during the day and cooler in the evening - at the Seville 1999 event it was often 40+ C during the day and mid-30s during the evening. Unlike 1999 the Marathons and Walks in Doha will be held at the coolest time around midnight. The Khalifa stadium will also be operating an air conditioning system that will moderate temperatures for the athletes and spectators in the arena. The programme is compact with just one stadium session per day to travel to / back from. Fans will have plenty of time to lie-in after any late finishes with time to relax or sightsee.

Our T&FT Full Package options are inclusive of our bespoke hotel > stadium > hotel bus transfers – operating in conjunction with our excursion programme. So whether you will be heading to the stadium from your hotel, a sightseeing trip, shopping in a souq or a cultural programme venue we will ensure you get to the event in good time and in comfort – and then back home to your hotel later.
