Salzburg / Austria

Salzburg, in northwest Austria, is one of Europe's most beautiful cities, both for its architecture and for its magnificent setting. This picturesque city stretches along both banks of the River Salzach as it emerges from the Salzburg Alps. The romantic Old Town is a compact neighbourhood of narrow medieval streets and arcaded courtyards that are fun to explore. Salzburg enjoys a special fame in the world of music as the **birthplace of Wolfgang Amadeus Mozart**. This rich musical heritage is reflected in attractions such as the museum in his family home, various festivals showcasing his music, and even the melodies that ring out daily on the glockenspiel. Several of Salzburg's attractions were filming sites for **The Sound of Music**, and these are a particular draw for tourists.

Lausanne & Geneva / Switzerland

Lausanne rises elegantly in terraces on three hills above the north shore of Lake Geneva in Switzerland's French-speaking region. High bridges span the gorges of two rivers that cut through the city, combining with the steep rise from the lake shore to give a dramatic and scenic terrain with views of the Savoy Alps across the lake. Lausanne is the world headquarters of the Olympics, and an **Olympic museum** is among its most popular tourist attractions. There's also the opportunity to **attend the Diamond League event on Friday 26th August**. The best way to enjoy Lake Geneva is onboard one of the lake steamers taking either take a cruise or use it to hop between towns. An extended holiday in Geneva is always possible!
